

## 2014 Meriden Airport Fly-In, Change: This is a free seminar !

These Seminars Have Something for Every Aviator. Four topics back to back: 9:30: Common medicals issues and aero medical certification. Interactive presentation, bring your questions. 10:45: Learn how to prepare to survive an aircraft ditching in a guided group discussion. 12:00: Learn the science behind the basic aerodynamic principals that keep us safe every time we fly. A fun filled session with a science educator and a unique flight instructor. 1:30: Introduction to Amateur built aircraft. Find out if it is for you? See the additional Information section in this announcement as well as the attachments. Don't miss this event. Click the link below and register TODAY.

**Directions:** Take main st. to Evansville Ave. See Map link on full announcement.

### A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
